

19 October 1979

MEMORANDUM FOR: Chief, Information Services Staff

FROM : 
Chief, Classification Review DivisionSUBJECT : Special Procedures for Use in Systematic
Review of Cryptologic Information

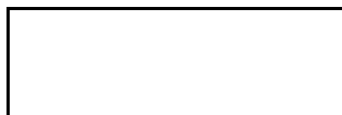

1. A meeting was held on 17 October 1979 in the OSO conference room to discuss the CIA position on this subject. Those in attendance were as follows:

DCI Security Committee
OGC
EO/OSO
COMSEC Staff
CRD Staff
C/S&T/CRD
C/NFAC/CRD
C/DDA/CRD

2. A decision was made to provide a letter for the DCI to send to D/ISOO indicating the Agency's displeasure over the application of the NSA guidelines on a Community-wide basis. All parties in attendance concurred in the DCI letter essentially as written.

3. Since the Agency no longer has a SIGINT Officer, the task of managing the search for a clarification of the responsibilities involved in systematic classification review guidelines seemed to fall within the purview of CRD. Naturally, the support of the Office of Communications and the Office of the DD/S&T will be sought and they have already indicated a willingness to participate.
